#### ITEM 2.02 Results of Operations and Financial Condition

The information contained in this Form 8-K shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On July 25, 2019, OneSpan Inc. (OneSpan) issued a press release providing a financial update for the three and six months ended June 30, 2019. The full text of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The press release contained non-GAAP financial measures within the meaning of the Securities and Exchange Commission's Regulation G. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a registrant's historical or future financial performance, financial position or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented.

The press release contained a reference to adjusted EBITDA and provided a reconciliation of net income to adjusted EBITDA. Adjusted EBITDA, which is net income (loss) before interest, taxes, depreciation, amortization, long-term incentive compensation, and certain other non-recurring items, including acquisition related costs, lease exit costs, rebranding costs, and accruals for legal contingencies is computed by adding back net interest expense, income tax expense, depreciation expense, amortization expense, long-term incentive compensation expense, and certain other non-recurring items to net income as reported.

The press release contained a reference to Non-GAAP Net Income and provided a reconciliation of net income to Non-GAAP Net Income. Non-GAAP Net Income is computed by adding back long term incentive compensation expense, amortization expense, certain other non-recurring items and the corresponding tax impact of the adjustments.

The press release also contained a reference to Non-GAAP Diluted Earnings Per Share. Non-GAAP Diluted Earnings Per Share is the same as Non-GAAP Net Income described above on a fully diluted per share basis.

### OneSpan Reports Results for Second Quarter and First Six Months of 2019; Reiterates Full Year 2019 Guidance

#### **Second Quarter Financial Results**

- Total revenue grew 13% year-over-year to \$56.2 million
- Adjusted EBITDA of \$2.5 million<sup>1</sup>
- GAAP loss per share of \$0.06
- · Non-GAAP earnings per share of \$0.01<sup>1</sup>

**CHICAGO**, **July 25**, **2019** – OneSpan Inc. (NASDAQ: OSPN), a global leader in software for trusted identities, e-signatures and secure transactions, today reported financial results for the second quarter and six months ended June 30, 2019.

"OneSpan's mobile security software, subscription and hardware revenues all posted double-digit growth in the second quarter," stated OneSpan CEO, Scott Clements. "Software and services bookings grew in excess of 30% sequentially and hardware bookings remained strong. We expect profitability to improve in the second half of 2019 on higher revenues, increasing contributions from software and services, and lower operating expenses."

#### **Second Quarter 2019 Financial Highlights**

- · Revenue for the second quarter of 2019 was \$56.2 million, an increase of 13% from \$49.6 million for the second quarter of 2018. Revenue for the first six months of 2019 was \$103.8 million, an increase of 9% from \$95.0 million for the first six months of 2018.
- Gross Profit for the second quarter of 2019 was \$38.4 million and \$69.9 million for the first six months of 2019. Gross Profit for the second quarter of 2018 was \$36.0 million and \$70.7 million for the first six months of 2018. Gross margin for the second quarter of 2019 was 68% and for the first six months of 2019 was 67%. Gross margin for the second quarter of 2018 was 73% and for the first six months of 2018 was 74%.
- · GAAP operating loss for the second quarter of 2019 was \$2.2 million, and for the first six months of 2019 was \$7.7 million. GAAP operating loss for the second quarter of 2018 was \$2.6 million, and for the first six months of 2018 was \$1.0 million.
- · Adjusted EBITDA for the second quarter of 2019 was \$2.5 million, or 5% of revenue, and for the first six months of 2019 was \$0.4 million, or less than 1% of revenue. Adjusted EBITDA for the second quarter of 2018 was \$5.3 million, or 11% of revenue, and for the first six months of 2018 was \$11.5 million, or 12% of revenue.
- GAAP net loss for the second quarter of 2019 was \$2.5 million, or \$0.06 per share. GAAP net loss for the first six months of 2019 was \$8.1 million, or \$0.20 per share. This compares to GAAP net loss of \$1.0 million, or \$0.03 per share for the second quarter of 2018, and GAAP net income of \$0.8 million or \$0.02 per share for the first six months of 2018.
- · Non-GAAP net income (loss) for the second quarter of 2019 was \$0.6 million, or \$0.01 per diluted share, and for the first six months of 2019 was \$(2.4) million, or \$(0.06) per diluted share. Non-GAAP net income for the second quarter of 2018 was \$3.8 million, or \$0.09 per diluted share, and for the first six months of 2018 was \$8.5 million, or \$0.21 per diluted share.
- · Cash, cash equivalents and short-term investments at June 30, 2019 totaled \$75.4 million compared to \$95.3 million and \$99.5 million at March 31, 2019 and December 31, 2018, respectively.

An explanation of the use of non-GAAP measures is included below under the heading "Non-GAAP Financial Measures." A reconciliation of GAAP to non-GAAP financial measures has also been provided in tables below.

#### **Recent Business Highlights**

- OneSpan announced a strategic partnership with Avaloq, a global fintech leader and provider of software as a service (SaaS) and business process as a service (BPaaS) solutions to financial institutions processing more than \$4.5 trillion in assets. Avaloq integrated OneSpan anti-fraud solutions into its cloud-based banking platform to enable customers to easily add mobile authentication, transaction signing and multifactor authentication. Avaloq joins a growing portfolio of global alliance partners supporting our Trusted Identity Strategy.
- The Company's Intelligent Adaptive Authentication solution won two awards during the second quarter. It was named Best FinTech Solution as part of the 2019 CODIE Awards based on platform flexibility, feature set, usability, security and interoperability. It was also awarded the Frost & Sullivan 2019 Global Customer Value Leadership Award in the risk-based authentication industry based on growth potential, operational efficiency and customer service experience.
- OneSpan launched its Secure Agreement Automation cloud solution which delivers a digital account opening
  process and reduces application fraud. By automating and securing the account opening process, financial
  institutions can bring on new customers within minutes with less risk, lower costs and an improved customer
  experience.
- · OneSpan released its new Qualified Electronic Signature (QES) capability designed to help European financial services customers comply with the complex eIDAS requirements in a scalable, cost-effective manner. OneSpan is now able to efficiently deliver all three eIDAS e-signature types in its cloud platform.
- OneSpan elected technology and financial services experts to its Board of Directors. Marc Boroditsky is Senior Vice President of Sales at Twilio Inc., and formerly President and COO of Authy prior to its acquisition by Twilio Inc. Mr. Boroditsky has significant commercial and product experience in cloud and cybersecurity technologies. Dr. Marc Zenner is former managing director and global co-head of Corporate Finance Advisory at J.P. Morgan. Dr. Zenner has extensive investment banking and capital markets experience.

#### **Outlook for Full Year 2019**

- · Revenue is expected to be in the range of \$229 million to \$237 million.
- · Adjusted EBITDA is expected to be in the range of \$22 million to \$27 million.

#### **Non-GAAP Financial Measures**

We report financial results in accordance with GAAP. We also evaluate our performance using certain non-GAAP operating metrics, namely Adjusted EBITDA, non-GAAP Net Income and non-GAAP diluted EPS. Our management believes that these measures provide useful supplemental information regarding the performance of our business and facilitates comparisons to our historical operating results. We believe these non-GAAP operating metrics provide additional tools for investors to use to compare our business with other companies in the industry.

These non-GAAP measures are not measures of performance under GAAP and should not be considered in isolation, as alternatives or substitutes for the most directly comparable financial measures calculated in accordance with GAAP. While we believe that these non-GAAP measures are useful within the context described below, they are in fact incomplete and are not a measure that should be used to evaluate our full performance or our prospects. Such an evaluation needs to consider all of the complexities associated with our business including, but not limited to, how past actions are affecting current results and how they may affect future results, how we have chosen to finance the business, and how taxes affect the final amounts that are or will be available to shareholders as a return on their investment. Reconciliations of the non-GAAP measures to the most directly comparable GAAP financial measures are found below.

#### **Adjusted EBITDA**

We define Adjusted EBITDA as net income (loss) before interest, taxes, depreciation, amortization, long-term incentive compensation, and certain other non-recurring items, including acquisition related costs, lease exit costs, rebranding costs, and accruals for legal contingencies. We use Adjusted EBITDA as a simplified measure of performance for use in communicating our performance to investors and analysts and for comparisons to other companies within our industry. As a performance measure, we believe that Adjusted EBITDA presents a view of our operating results that is most closely related to serving our customers. By excluding interest, taxes, depreciation, amortization, long-term incentive compensation, and certain other non-recurring items, we are able to evaluate performance without considering decisions that, in most cases, are not directly related to meeting our customers' requirements and were either made in prior periods (e.g., depreciation, amortization, long-term incentive compensation, lease exit costs, reversal of a prior period legal contingency accrual), or deal with the structure or financing of the business (e.g., interest, acquisition related costs, rebranding costs) or reflect the application of regulations that are outside of the control of our management team (e.g., taxes). Similarly, we find the comparison of our results to those of our competitors is facilitated when we do not consider the impact of these items.

#### Non-GAAP Net Income (Loss) & Non-GAAP Diluted EPS

We define non-GAAP net income (loss) and non-GAAP diluted EPS, as net income (loss) or EPS before the consideration of long-term incentive compensation expenses, the amortization of intangible assets, and certain other non-recurring items. We use these measures to assess the impact of our performance excluding items that can significantly impact the comparison of our results between periods and the comparison to competitors.

Long-term incentive compensation for management and others is directly tied to performance and this measure allows management to see the relationship of the cost of incentives to the performance of the business operations directly if such incentives are based on that period's performance. To the extent that such incentives are based on performance over a period of several years, there may be periods which have significant adjustments to the accruals in the period but which relate to a longer period of time, and which can make it difficult to assess the results of the business operations in the current period. In addition, the Company's long-term incentives generally reflect the use of restricted stock grants or cash awards while other companies may use different forms of incentives the cost of which is determined on a different basis, which makes a comparison difficult. We exclude amortization of intangible assets as we believe the amount of such expense in any given period may not be correlated directly to the performance of the business operations and that such expenses can vary significantly between periods as a result of new acquisitions, the full amortization of previously acquired intangible assets or the write down of such assets due to an impairment event. However, intangible assets contribute to current and future revenue and related amortization expense will recur in future periods until expired or written down.

We exclude certain other non-recurring items including impacts of tax reform, acquisition related costs, rebranding costs, lease exit costs, and reserves for certain legal contingencies as these items are unrelated to the operations of our core business. By excluding these items, we are better able to compare the operating results of our underlying core business from one reporting period to the next.

We make a tax adjustment based on the above adjustments resulting in an effective tax rate on a non-GAAP basis, which may differ from the GAAP tax rate. We believe the effective tax rates we use in the adjustment are reasonable estimates of the overall tax rates for the Company under its global operating structure.
